ETA Global Villlage Mambakkam,
Chennai

PROFILE SUMMARY

A highly motivated Computer Science Engineering student with hands-on experience in Java, Spring Boot, MySQL, HTML, CSS, and JavaScript. Skilled in building full-stack web applications, REST APIs, and database-driven systems. Strong understanding of OOP, DSA, and software development lifecycle (SDLC). Quick learner with strong communication, teamwork, Team building and problem-solving abilities. Seeking opportunities to apply technical skills in real-world software engineering projec

EDUCATION

Graduation	B.E. (Computer Science and Engineering (CSE)) Kings Engineering College, Kancheepuram with CGPA 8.5
Class XII	CBSE with 65.4% in 2022 Achievements: All rounder, Top 10 in class, team leader
Class X	Andhra Pradesh with 96.4% in 2020
Certification Course	IBM Skills Build -Cloud Computing Fundamentals IBM Skills Network -Cloud Essential Cisco networking Academy-Getting started with Cisco packet Tracer Cisco networking Academy- CCNA: Introduction to Networks Cisco networking Academy-Introduction to cyber security Celonis - Process Mining Fundamentals Certification AI for Beginner Best Conference paper Directed a stage performance as part of Team Cinematic Universe. Best Team - 3rd Prize, Cultural Club, College Fest Recognized for outstanding team performance in stage play.

INTERNSHIPS AND PROJECTS

Internships	Ashok Leyland (June 2025 - July 2025) It was Full Stack Development and used python libraries like Matplotlib , Numpy to execute the things in visualized to be in more easy way to understand . Skills used - Python,Matplotlib,Numpy
Projects	FaceSync Attendance System (November 2025 - April 2026) Developed an AI-powered facial recognition attendance system using Python and OpenCV, implementing real-time face detection, recognition, model training, and automated attendance management through a user-friendly interface. Skills used - Python,Opencv,Tkinter Shop Stock Management System (September 2025 - November 2026) Designed and developed a database-driven application to manage shop inventory and stock details efficiently. Implemented CRUD operations for product management, stock monitoring, and record retrieval, providing a simple and user-friendly solution for maintaining accurate inventory data. Skills used - Python,MySQL,HTML,CSS,Javascript Real-Time Bus Schedule Management System (April 2025 - May 2025) Developed a Java Full Stack web application to display bus routes and timings through an interactive interface with animated visual elements. Implemented CRUD operations, RESTful APIs, and MySQL database integration using Spring Boot, while building responsive frontend pages with HTML, CSS, JavaScript, and Bootstrap. Skills used - java,Springboot Java,MySQL,HTML,CSS,Crud,Fullstack Development,Frontend Development,Responsive UI

SKILLS AND ACHIEVEMENTS

Skills	TECHNICAL SKILLS Programming: Java, Python, C Web: HTML, CSS, JavaScript Frameworks / Tools: Spring Boot, VS Code Database: MySQL, CRUD operations, Core Concepts: OOP, DSA, REST APIs, SOFT SKILLS Leadership Adaptabilty Communication
Language	English, Hindi, Urdu, Telugu, Tamil, Kanada
